

Reeth 2023- The Fresher's Party

About AGOI

The inception of Allenhouse Institute of Technology in 2009 marked the pioneering start of the Allenhouse Group of Institutions in professional education. In 2015, Allenhouse Business School emerged, signaling our entry into the realm of management education followed by the establishment of Allenhouse Institute of Management in 2020. Under the esteemed Superhouse Education Foundation, our institution has continuously offered B.Tech, BBA, BCA and MBA courses, spearheading education in business and technology for over a

decade. Moreover, AIT has incorporated MCA program catering to growing demand for specialized skills in computer applications.

Committed to delivering cutting-edge education, we've remained dedicated to fostering excellence in our students by nurturing integrity, competence, and a passion for breaking barriers and embracing creativity. Throughout our journey, our organization has consistently surged forward, achieving numerous milestones and accomplishments.

Navigating Excellence: Insights from the Director of Management

The AllenChronicle, our latest edition, radiates pride and excitement, encapsulating the collective spirit, resilience, and accomplishments of the Allenhouse

Family. This tapestry of stories, reflecting our journey and aspirations, stands as a testament to faculty dedication and student excellence. Congratulations to the entire Allenhouse Family for this inspiring celebration of shared success.

Prof. (Dr.) Shivani Kapoor

Innovation Unleashed: AIT Director's Perspective

At Allenhouse Institute of Technology, we stand committed to establish an active learning environment of apex quality,

empowering students to reach their full potential with the right mix of knowledge, skills, attitude, ethics & empathy to become accomplished and productive members of an ever-changing global community.

Prof. (Dr.) Manoj Kumar Misra

Leadership Reflections: Wisdom from the Director's Desk

At Allenhouse, our unwavering commitment lies in fostering the holistic development of our students. We strive to empower them with a well-rounded

blend of Knowledge, Skills, Attitude, Ethics, and Empathy. Our aim is to mold these aspiring professionals into individuals who are not only equipped with the right tools but are also instilled with the confidence to embrace future opportunities.

Dr. Rubby Chawla

Orientation Program

serves as a foundation for college success. It sets a lasting impression for new students. The main purpose of a good orientation session in a college is to bridge the gap between the faculties & the students, ensuring a smooth communication between the two.

1. B.Tech. Orientation

Started with introduction to the campus, esteemed faculty members, & the diverse range of learning prospects. In addition, valuable alumni interactions gave the students the opportunity to seek guidance on career and future prospective.

2. MBA Orientation

It provided rich spectrum of learning opportunities at campus by a motivational speaker talk on the importance of time management, academic performance, extra curricular activities, networking and communication skills.

3. BBA Orientation

It covered campus regulations, training initiatives & enabled students to visualize their transformative educational journey ahead with expert talk on role of startups & diverse career avenues.

4. BCA Orientation

It commenced with comprehensive exploration of the college ERP system & a captivating guest lecture on "Cyber Security as a Career" to gain valuable insights into the world of digital security & the potential career opportunities it holds.

5. Diploma Orientation

Students got an opportunity to meet their faculty members, explore the campus, and get important course information.

Orientation Program-2023

From Space to Sustainability: A Visual Journey

A session by Dr. Kumar Krishen, NASA scientist, (Adjunct Professor at the University of Houston)

A session by Mr. Sushil Reddy, an IIT Bombay & HEC Paris alumnus (Guinness World Record holder for the longest E-bike journey)

Prof. Solanki on Climate Change & corrective action, demonstration of Solar Bus & Climate Clock

Environment-friendly scientific inventions aren't merely about innovation; they're about safeguarding our planet's future. These creations not only showcase brilliance but also underscore a deep commitment to sustainability and building a greener tomorrow. By prioritizing eco-conscious solutions, we pave the way for a more harmonious coexistence with our environment.
